

ELEMENTS KIHAVAH

Discover your natural element on the Indian Ocean

Dear Guest,

A warm welcome to *Anantara Kihavah Villas*, and the awe-inspiring beautiful island archipelago of the Maldives' Baa Atoll region. *Anantara* is taken from an ancient Sanskrit word that means *borderless water*, a name chosen for this element's association in many Asian cultures with wealth and good fortune.

In line with this philosophy we are delighted to offer you *Elements Kihavah*, a bespoke and exhilarating journey of adventures to discover and explore your natural elements – water, air, earth and fire.

The *Elements Kihavah* adventures will take you in, on, under, above and alongside the turquoise Indian Ocean, also known as *Ratnakara* in the ancient Sanskrit literature, meaning the creator of gems.

Water

Explore your tranquil water element by descending into the ocean's dazzling depths and discover the magical underwater world that lies below. Whether you choose to scuba dive or snorkel you can rest assured that our experienced instructors, first class rental equipment, comfortable dhonis (boats) and many dive sites cater for beginner and experienced divers alike. The coral reefs are home to a variety of marine ecosystems that vary from planktonic organisms to crustaceans, sponges and sharks. Here dolphins, turtles and even mantas can be seen thriving in their natural habitat. For a more relaxed sightseeing excursion in the shallow waters or across the lagoon try a sturdy kayak ride.

For expert advice visit the Bio Centre where our resident Marine Biologist will gladly guide you through your water element adventure, suggest sites to explore and share valuable marine ecosystem information.

Around here the waters abound with magnificent game fish such as sailfish, dorado and wahoo and our big game boat, *Catcher*, offers you hours of excellent sport fishing. And when you catch the big one we might just change the Catch of the Day on the dinner menu...

Our 24 metre yacht, *Ocean Whisperer*, offers a private journey beyond the horizon filled with luxury and adventure. Explore deserted islands, hidden reefs and secret lagoons while diving or snorkelling, or simply lie back in the afternoon sun and relish the tropical breeze on an endless ocean as you sail into the sunset. Let our acclaimed Food & Beverage Team spoil you with a selection of delectable canapés, or opt for a personalised buffet feast or a delightful set menu.

*For bookings please call ELEMENTS at extension 344 or visit the Dive Centre between 08h00 - 18h00
All rates are published in US\$. All activities are subject to 10% Service Charge and 8% GST.*

Air

Fly free as an eagle and leave the qualms of everyday life behind as you explore the liberating and gravity-defying air element in the skies above. Our fully-rigged parasail boat, *Freebird*, allows you to soar through the sky with an unforgettable bird's eye view of the lush, green tropical islands encircled by living coral reefs immersed in a glistening ocean below.

If adventure is your game try mastering both the air and water elements with our cutting-edge windsurfing rigs, catamarans or kites.

Earth

Do you feel the need to ground yourself on solid earth after a long flight or a day spent on the ocean? Our *Elements Kihavah* earth adventure offers the ultimate escape on your own private, lost island paradise.

Spend the day re-enacting the adventures of Robinson Crusoe with your fellow castaway, or just an hour or so watching a breath-taking golden sunset over the ocean in total solitude and tranquillity. Unlike Robinson Crusoe's adventure – and in typical *Anantara Kihavah Villas* fashion – deprivation is not an option and to this end our acclaimed Food & Beverage Team can create a custom-made picnic basket or a bespoke beach barbeque under the stars whilst you sip on an exotic island cocktail or fine Champagne.

We love, respect and embrace all things cultural at *Anantara Kihavah Villas* and will be honoured to immerse you in an once-in-a-lifetime local culture adventure – island style. Let us escort you to our neighbouring islands for a delightful insight into typical islander existence and ancient crafts.

Fire

Amidst the serenity of our laidback island lifestyle we appreciate the need for speed and can ignite your fiery element with 150 horsepower of mind-blowing muscle. Climb on-board our *Velocity* and *Impulse* speedboats and feel the wind rush through your hair as you speed across the mirror-smooth Indian Ocean. If spectator sport is not your game cut your own wave skiing or wakeboarding behind this awesome power.

At *Anantara Kihavah Villas* the world is your oyster and we will be honoured to be your guide on your adventure to discover and explore your natural elements. Please visit us at the Dive Centre to tailor make your adventure.

Enjoy the journey!

The Elements Kihavah Team

CORAL ADOPTION PROGRAMME

During the development of *Anantara Kihavah Villas* the *Elements Kihavah Team* nurtured small corals and created coral gardens in various areas of the lagoon by attaching the growing corals on frames. This conservation effort proved to be very successful and the initial results can already be seen around the island. However, this is an on-going process and you are encouraged to contribute to the project by adopting a coral frame and participating in the creation and planting thereof.

Three different frame sizes are available for sponsorship:

Small	100
Medium	200
Large	400

After you have adopted a coral frame you can monitor the growing process online as the Marine Biologist uploads images every three months.
